ES-41007 SEVILLA

Sevilla

As manufacturer

CERTIFICATE No. 21/4007/00/0161

Has obtained EU TYPE EXAMINATION in compliance with what is set out in Annex V (module B) in Regulation (EU) 2016/425 and in agreement with the applicable test procedures and technical specifications

Designed to protect the wearer's body, except the head, hands and feet, according to the following standard/s:

- EN ISO 13688:2013 general requirements
- EN 469:2020 Protective clothing for firefighters. Performance requirements for protective clothing for firefighting activities (**X2, Y2, Z2**).
- EN 1149-5:2018 Protective clothing - Electrostatic properties

Tests performed after 5 cycles at 40°C.

Having achieved the performance requirements specified in conformity assessment report No. **2020CO4741UE** and the PPE's Technical Documentation.

Description of the PPE:

A jacket and trouser set made in gold woven fabric with 5 cm-wide fluorescent yellow/grey/fluorescent yellow reflective strips.

Sandwich 1: - main fabric 3dp + membrane + lining / Sandwich 2: - main fabric 3dp+ membrane+ tri-laminate storm flap / Sandwich 3: - Collar, main fabric 3dp+ membrane + main fabric 3dp / Sandwich 4: - main fabric 3dp+ membrane+ Nomex® lining (red).

The materials that form the PPE, are described in the conformity assessment report nº 2020CO4741UE.

The PPE is available with the following variants:

- Base colours, mustard and marine and the Oeko-tex® colour range, with orange or black main fabric.
- The arrangement of external pockets can be altered, or pockets added or eliminated as long as they are manufactured in the same material as the main assembly and use the same fastenings.
- In addition to reflective material 9687, the following can be used: heat-welded reference: 5697 by 3M, Stitched and discontinuous: XM7010
- Transfer: Politrans
- Reflective modules, applied by stitching, reference: 8935 by 3M
- Back-mounted rescue system: DRD tape, Chest-mounted

It shall be the manufacturer's responsibility to provide specific information of this certificate and the tested levels of protection.

CAT. III PPE must only be used in relation to one of the evaluation procedures compliant with Module C2 Module D described in art.19 letter c) of Standard (UE) 2016/425.
