

ELECTRONIC EARMUFFS

Impact[®] Sport

Electronic Protective Earmuff - SNR25

Overview

Feedback

- Noise suppression of loud, impact noises down to a safe level of 82dB
- Sound amplification allows wearers to hear important communication - alarms/warning signals, co-workers' voices, etc.
- Directionally placed stereo microphones enhance sound for natural hearing
- Features patented Air Flow Control technology for optimal attenuation across virtually all industrial noise environments
- AUX input allows connection to external MP3 players or other audio devices for additional listening
- Folds for convenient storage
- Slim earcup design reduces potential interference with tools, guns, machines, etc.
- NRR: 22, SNR: 25, Canada Class B, SLC 80: 24 Class 4

Earmuff Fitting & Maintenance Recommendations

Selection:

- Avoid overprotection in minimal noise environments – in selecting the best earmuff for your situation, consider noise levels and your need to communicate with co-workers or hear warning signals on the job

Inspect & wear:

- Read and follow all earmuff fitting instructions
- Remove all hair underneath ear cushions.

Hygiene & maintenance:

- Regularly inspect earcups and ear cushions for cracks and leaks – discard if earcups are visibly damaged or compromised

- Clean earcups and ear cushions regularly with mild soap and water
- Replace ear cushions and foam inserts every 6-8 months under normal wear, every 3-4 months with heavy use or in humid/extreme climates

Improper fit of this device will reduce its effectiveness in attenuating noise. Refer to instructions on package for proper fit.

Recommended Industries/Use

Agriculture, Chemical, Construction, Fire Protection, Forestry, Government, Law Enforcement, Manufacturing, Medical, Military, Mining, Municipal Services, Oil and Gas, Pharmaceutical, Steel and Metals, Transportation, Utilities, Welding.

Specifications

OTHERS

SLC80 Rating

- 24 Class 4

Noise Reduction Rating

- 22 decibel

Ear Shell Material

- ABS

Single Number Rating

- 25 decibel

High Visibility

- No

Care and Maintenance

- see overview tab

Headband Material

- Steel wire, EVA, PVC, Textile

Canada Class

- B

Product Family

- Impact®

Dielectric

- No

Product Number

1030942 Impact Sport Black - UOM = EACH, 1 earmuff per box, 5 boxes per case Industrial Packaging of chipboard box
