

Salvex+

Fast and practical on site.

Product description

- Comfortable yet lightweight harness in accordance with EN 361:2002, with numerous features for maximum safety. Salvex+ is lightweight and equipped with flexible shoulder and leg pads for increased comfort, can be put on very quickly and allows you to always have the right tools with you. With automatic belt fasteners for quick donning and a textile sternal fall arrest loop for maximum comfort.
- Breathable, wide back and leg pads (removable) - for maximum comfort.
- Chair In The Air - the unique solution against suspension trauma. Directly integrated into the harness. Even inexperienced persons can safely position themselves after a fall in just 5 seconds.
- Webalert - warns about cracked belts.
- ZmartCheck - provides quick access to security-relevant information.
- Aluminium dorsal eyelets - light and robust.
- Suitable for people up to 150 kg.
- A fall indicator is located on the lower back of the dorsal attachment point. If the load exceeds 6 kN, a label becomes visible: WARNING. Fall indicator.
- Label field on the product label bag.
